Golf Scholarship

Specialise in golf alongside
A Level/Vocational Study

“An outstanding golf experience, offering a unique opportunity for highly talented 16–18 year old golfers to further develop their golf education in addition to their academic studies.”

Wath Academy Golf: Our Vision

The Wath Academy Sixth Form Golf Scholarship aims to deliver exceptional golfing experiences that enable all scholars to thrive in a competitive sport and lead successful and fulfilling lives.

The Programme

Wath Academy Sixth Form and Waterfront Golf are working in collaboration to offer students the opportunity to enrol on a golf scholarship programme.

Scholars study Level 3 qualifications (A Level and/or vocational courses) alongside golf training, giving students the opportunity to experience a range of progression routes into a variety of careers in golf.

The programme is proving to be an outstanding golf experience, offering a unique opportunity for highly talented 16–18 year old golfers to further develop their golf education in addition to their academic studies.

The scholarship provides access to elite level practice facilities via Waterfront Golf and lessons from qualified PGA coaches.

“Waterfront has state of the art technology and excellent facilities including an indoor putting studio and simulator, which is beneficial during the winter where we can work on all parts of our game. At Waterfront, we have numerous coaches who are all very knowledgeable and approachable. Due to this, my game and knowledge has improved immensely over the period of time I have been on the scholarship. When I first started on the scholarship, my handicap was five and I now play off one. We have full access to the golf course which is in great condition all year round and this helps greatly with our playing ability.”

Max Whitaker (+1 handicap)

Our Intent

- All golf scholars develop an inner belief and ambition to fulfil their dreams
- All golf scholars develop a passion for life-long learning and game development
- All golf scholars make first rate progress and develop their golfing ability
- All golf scholars develop exceptional character that exemplifies a phenomenal work ethic, confidence and high levels of grit, resilience and determination
- All golf scholars gain an array of positive golf memories which last a lifetime
- The programme will be a beacon of golfing excellence working as a hub for the best golfers in the region

Competitions

Scholars compete in the British College League, Yorkshire Schools Golf and events from the International Schools Golf Association. This includes excellent winter competition that helps to keep them focused and making progress throughout the year.

"In the last year my handicap has come down from 3 to +2. A lot of this was due to having access to the practice facilities at Waterfront!"

Mia Eales-Smith (+2 handicap)

"The programme will be a beacon of golfing excellence working as a hub for the best golfers in the region."

The Offer

All those enrolled onto the scholarship programme undertake A Levels or applied qualifications alongside their golf programme.

The scholarship provides students with the following:

- A personalised golf coaching programme (eight hours per week), individually or in small groups, developed and delivered by PGA-qualified coaches
- Access to state of the art practice facilities, including floodlight driving range and short game area
- The use of TrackMan and FlightScope technology
- Access to club competitions and college matches within the British Schools and Colleges League
- Golf membership provided, meaning full use of the course all year round
- Work experience opportunities

“Set in 170 acres of beautiful parkland, the Waterfront Golf course takes in breathtaking views.”

Facilities

The Golf Course

Waterfront Golf course is located in the heart of South Yorkshire. Set in 170 acres of beautiful established parkland, the course takes in breathtaking views of the surrounding Old Moor Nature Reserve and Manvers Lake.

The stunning nine-hole golf course, designed by international course architect Simon Gidman EIGCA, incorporates 18 different tees, measures over 6,500 yards and is one of the longest of its kind in the UK. With USGA specification greens, strategically placed bunkers and tight fairways, it is a true test of golf.

The course is renowned for being in excellent condition over the winter months, which makes it the perfect elite level training facility for our talented golf scholars.

TrackMan and FlightScope

Golf practice and player development are going through a period of tremendous change and technology is a central component in that transformation. The mapping of swing DNA is now possible, as is the quantification and comparison of swing feel vs. real.

Technology also empowers us to monitor granular swing changes over time. These are just a few, examples of how to unleash talent more effectively.

With TrackMan 4, you have all the tools to jump ahead, from ground-breaking club and ball tracking golf radar systems to the best performance enhancing software available in the industry today.

Short Game Area

The short game area provides a place to practice your game unlike anywhere else in the surrounding area. This includes a sizeable putting green, bunker practice area and chipping and pitching greens.

The chipping areas allow scholars to play from real grass so that preparation is akin to playing out on the course.

The Range

The state of the art driving range boasts 32 bays (including two cutting-edge teaching and fitting studios and brand new custom putting studio incorporating a Capto putting lab and blast motion), each housing the latest air compressed mats and easy-access ball trays.

Our range balls are a yellow, two-piece, 100% compression Srixon balls. The outfield is also fully equipped with chipping nets, flags, greens with exact yardages given in each bay for every target.

“The course is renowned for being in excellent condition over the winter months, which makes it the perfect elite level training facility for our talented golf scholars.”

Coaches

Frank Houlgate

Head PGA Professional

Frank has over 26 years of teaching experience and has worked with all levels of golfers from the elite to the rank beginner. Frank is passionate about making golf easier for all his pupils and believes strongly in teaching neutral golf so no fancy gimmicks or methods – just what works! Frank uses TrackMan 4 and video technology in his lessons.

Frank is delighted to say that “Our team of elite golf scholars are making great progress and continue to learn from our great team of coaches on all aspects of the game”.

Danny Walsh

PGA Teaching Professional

Qualifying as a class A PGA professional in 2007, Danny has since built up a strong reputation coaching players of all abilities. Junior coaching and encouraging participation in golf are key interests of his. Danny uses a holistic approach to enhance existing skills and improve the players knowledge of their own game. He aims to help players feel relaxed and able to ask questions, an open dialogue is key to his coaching success.

Danny helps players to progress all aspects of their game and uses video analysis and Trackman technology in his lessons.

Chris Dennis

PGA Teaching Professional and European Tour Coach

Chris, who qualified in 2015, has since spent his time becoming a specialist putting coach. Chris has worked overseas for the last five years and spent the last 18 months travelling on both the men's and ladies' European Tours. Chris thrives off the challenge that most golfers could save a lot more shots on the green.

Chris breaks down putting into aim, read and speed and during sessions he will work to improve the main aspect that is holding golfers back on the course. Our custom putting studio incorporates a Capto putting lab and blast motion amongst many other training aids.

Andy Stocks

Andy is a professional with over his 11 years experience within the golf industry. He is has worked with leading coaches and has a wealth of knowledge when it comes to American Golf Scholars aiming to break on to the PGA Tour.

Andy joins Waterfront Golf in 2021 from his role as Head Professional at Kilnwick Percy Resort, having previously worked under Head Pro Frank Houlgate at Sand Moor golf club. Andy has a real passion for developing golf talent and is incredibly excited to work at one of England's leading facilities with state of the art technology such as the Trackman Range.

“Our team of elite golf scholars are making great progress and continue to learn from our great team of coaches on all aspects of the game.”

Success Stories

Ben Schmidt

- Winner of the Brabazon Trophy
- Winner of the Carris Trophy
- Winner of the Henry Cooper Masters
- Winner of the New South Wales Open (Australia)
- Winner of the Alwoodley Open Qualifying event
- World ranking high of number six
- Plans to turn professional in the near future

- Selected for the Yorkshire Ladies' team for the last four years
- Reached top 10 English girls this year

Careers & Future Opportunities

As part of the scholarship programme, students will open the door to many different career pathways, including:

- Professional golf
- Caddy in the professional game
- PGA club professional
- Teaching
- US scholarships
- Green keeping
- Business/sport management
- Higher education and university

"The two years that I had on the scholarship programme was the most beneficial two years I could of had for golf. The balance between completing my work in school and being able to practice worked perfectly. The facilities that are on offer are the best: use of the golf course (which is always great condition), the driving range, chipping/pitching area and putting green – and not to forget the offering of great coaches that are awesome and always supportive in what you do. There isn't anything else on offer as good at this. Great opportunity, great two years!"

Ben Schmidt (+5 handicap)
